

Chinmai Shimpi

Junior Designer

Chinmai joined the Starq team in 2022 as a Junior Designer, bringing her technical knowledge and creative spark to support both the Façade and Architecture practices. She is passionate about facades and brings skills in software platforms to develop buildings and systems visualization, design and detailing. She also performs technical environmental analysis of façade assemblies that drive the rationale of our design work.

Prior to Starq, Chinmai worked at the USC Facilities Planning and Management Department as a Support Assistant while pursuing her Graduate Studies at the University. She also interned in Mumbai and got to work in both Architecture and Interior Design of various commercial and residential projects in India.

Chinmai has a Master's Degree in Building Science from the University of Southern California's School of Architecture, Los Angeles and a Bachelor's degree in Architecture from IES College of Architecture, Mumbai.
